EIPP Success Stories

Ocean Retriever (Romania)

Specialized factory ship that tours every port on the Canary Islands collecting large bales of unrecyclable plastics, to process it into clean hydrogen.

Green

Kwatch (France)

Continuous Glucose Monitoring device in a form of a smartwatch. It measures the glucose level and the patient is alerted by an on-body vibration.

Health
&
Digital

Capri (Ireland)

BioElectronics device which stimulates the peripheral nervous system in order to address many of the world's most pressing healthcare needs

EIPP becomes InvestEU Portal

EIPP

InvestEU Portal

- Provides visibility of projects to the potential investors
- Consistency check with EU laws and policies
- Not a pre-condition nor a guarantee for financing

InvestEU
Portal

- Continues the current investment project portal under the InvestEU
- InvestEU Implementing partners will have the possibility to examine projects within their geographic and activity scope
- Link with Advisory Hub

InvestEU Portal – Novelties and new features

- Lowering of threshold to EUR 500 000
- Special search tool to find SME projects
- New tagging/labeling system (COVID19, Green Deal, future focus on social investment)
- InvestEU Implementing partners will be able to examine projects within their geographical and activity scope
- Link to InvestEU Advisory Hub

Thank you!
