BGK as an implementing partner

BGK steps towards becoming an implementing partner:

- 2019 – establishment of the InvestEU project in BGK
- 2019 – start of pillar assessment procedure (with the financial support of the Commission)
- 1st half 2020- establishment of cross organizational project to to become an Implementing Partner
- 2nd half 2020 – launch of the informal discussion on financial products BGK could offer
- December 2020 – pillar assessment accreditation formally received

BGK as an implementing partner

Preparing products in all investment windows:

- SMEs support
- Sustainable infrastructure
- Digitalization and innovation
- Social infrastructure

Principle of additionality in the heart of all BGK proposals

Why it is Important?

- Positive impact on economic development in post-covid economic recovery;
- Leverage on local presence and market experience of NPBis;
- Strong focus on sustainable economy and climate aspects;
- Very important to scale up riskier investments especially in innovations and SME segments.
